Planning Session

On behalf of the Board of Directors, I would like to thank everyone who attended the 2006 Planning Session on April 2nd in Toronto. Your responses to the questionnaire and your attendance show that there is a strong support for 5-pin bowling in Ontario.

While some of the ideas were a little off the wall at the start of the session, as you worked through them the final results showed a workable and viable solution to many of the problems.

As both Jennifer and Jackie said, "We were there to build the O5" and personally I think you all accomplished that goal. Instead of looking at reducing the number of zones, which could possibly be one-step closer to the demise of our Association, your ideas and suggestions could help build the zones that are in trouble.

When the initial report is sent out over the next couple of weeks and together with the Membership Proposal and the information packages you were given, we hope that at this year's Convention we can structure the new Strategic Plan. That will allow us to focus on working together to grow the sport that we are all so proud to be a part of.

A number of great ideas came out of this 'planning' session and we as a Board look forward to your individual suggestions and recommendations. These will assist us in preparing for the Planning Session at Convention.

Again thank you for your support—it is very much needed and appreciated.

Armchair Quarterback Answers

1. B-The Super Bowl is the ultimate game in the NFL. The first Super Bowl was held in 1967 when the Green Bay Packers defeated the Kansas City Chiefs 35 to 10
2. B-A touchdown is worth 6 points. A field goal is worth 1 and if a team runs or passes into the end zone it counts for 2 points.
3. B-Football games last 60 minutes, excluding timeouts. Each game is divided into four 15 minute quarters with a 15 minute halftime break.
4. B-Walter Payton was one of the NFL's premier running backs. By the time of his retirement after the 1987 season, he had gained 16,726 total rushing yards and scored 110 touchdowns. He was elected into the Pro Football Hall of Fame in 1993
5. B-The regular play area is 100 yards long, but including the two 10-yard end zones at each end, it is actually 120 yards.
6. A-Each team can have 11 players on the field during play. If a team has more on the field while the ball is in play, the team receives a 5 yard penalty.
7. D-Each year a group of sportswriters selects the best all round college player and presents him with the Heisman Trophy. Named after famed 20-century college football coach, John William Heisman, the trophy was first awarded in 1935.
8. C-A player can choose to fair catch a kickoff, or punt, by waving one hand in the air before catching the ball. The kick returner is actually letting the opposing team know that he doesn't intend to run with the ball and they shouldn't tackle him.
9. A-A Hail Mary pass is a long, desperate throw into the end zone in an attempt to win a close game. Because the throw is so long and it's so unlikely that a teammate will catch it and score, the play is seen as depending on a prayer to succeed.
10. B-A team has four downs, or tries, to advance 10 yards and earn a first down—another series of four downs.
