## The History of Valentine's Day

Valentine was a physician and priest in Rome in the 3rd century. He assisted the martyrs during the Christian persecution under Claudius 11. He was arrested and imprisoned for his Christian faith and after trying to convert the Emperor he was condemned to death. While imprisoned, he converted his jailer's daughter Julia. Valentine was scheduled for execution on February 14th, 270 AD and on the eve of his death, he wrote a note to Julia telling her to stay close to god. He signed it "from you Valentine" In 496 AD Pope Gelasius marked Feb. 14th as a celebration in honour of his martyrdom. In 1836 Pope Gregory XVI gave the body to the Carmelites for their newly built Church of our Lady of Mount Carmel on Whitefriars Street in Dublin, Eire.

### FOR IMMEDIATE RELEASE

#### 5 Pin Bowling Number 4 Canadian Invention

Ottawa, ON - Sport in Canada has known some great number 4's. We have seen Bobby Orr, Jean Beliveau, and "Red" Kelly. The new number 4 is **5 pin bowling** as announced on the CBC documentary The Greatest Canadian Invention. This show was dedicated to celebrating the finest innovations and innovators that our Country has to offer.

The President of the Canadian 5 Pin Bowlers' Association - Terry McLeod summarized that "5 pin bowling evolved from an original 10 pin installation in Toronto in 1909 and the inventor was Tommy Ryan. We actually will be celebrating our 100 years of bowling in Canada in 2009". Today there are over 500 bowling centres in Canada with approximately 150,000 league bowlers and another 150,000 casual bowlers participating each week in programs involving all age groups, from youth to senior citizens and all skill levels, from the novice to the elite.

For more information about number 4, visit our website at [www.c5pba.ca](http://www.c5pba.ca) or contact our national administrator, Sheila Carr at (613) 744-5090 – e-mail: [c5pba@c5pba.ca](mailto:c5pba@c5pba.ca)
