

INTRODUCTION O5PBA/YBC BOWLING SCHOOL

Guidelines

While we try to plan as best as possible, there are probably many things which will require everyone's co-operation. In order to help things run as smoothly as possible, there will be a need for some school 'guidelines'. Some of these include:

- 1 All students and instructors must stay in residence at McMaster University for the duration of the school, with exception to those student registrants taking part in the Option #3 plan (no accommodations). Those individuals will be required to have their parent/guardian complete and sign an authorization form that outlines the drop off and pick-up schedule, as well as their responsibilities in this matter.
- 2 All students and instructors must travel to and from the bowling centre in the buses provided and at the times outlined on the schedule, with exception to those student registrants taking part in the Option #3 plan (no accommodations). Pros are to provide their own transportation to and from the bowling centre.
- 3 All students must strictly adhere to the curfew times indicated on the schedule. Students **will not** be allowed to leave their rooms after 11:30 PM (Saturday 12:00AM). This guideline will be strictly enforced! No switching of rooms is allowed.
- 4 Smoking will not be permitted in the bowling centre. A smoking area outside the back doors of Sherwood will be designated. This guideline applies to all students, instructors, pros, facilitators and guests.
- 5 Appropriate attire will be required during the bowling school. Pros and instructors must wear their bowling school shirts at all times during bowling activities. No cut-off jean shorts will be permitted by students, instructors or pros during bowling activities. Since this is a Bowling School proper bowling "tops" are expected. (golf shirts, t-shirts, bowling shirts). Dress pants, skirts, skorts and walking shorts are recommended. Students will be permitted to wear jeans at the bowling centre providing they are free of tears or holes and in good condition. At the time of the final tournaments, on Sunday, students must wear their school bowling shirt and dark coloured dress 'bottoms' and Instructors and Pros their bowling school shirt and dark coloured dress 'bottoms'. (dress pants, skirts, skorts or walking shorts)
- 6 Personalized bowling balls will be permitted during the school for all teaching sessions and tournament events.
- 7 The use of alcohol or any illegal substance is **strictly** prohibited at the school. This guideline will be enforced to the letter and any violation will mean dismissal.
- 8 The bowling school will be open to guests, parents, coaches and visitors after 12:30PM on Sunday July 22, 2012. At all other times, the school will be closed to those not participating in the school. The school curriculum is on-going until after the final event, so it is imperative that all visitors respect the work of staff and instructors during this time.
- 9 All access cards and room keys are to be handed to instructors who in turn will hand in all the access cards and room keys to Mike Wilson on Sunday morning before getting on the bus or your personal vehicles to go to Sherwood.
