Z	John Bernard	2007		

**\*\* - Individual taking re-certification by correspondence and exam has not yet been returned to office for marking.**

Our Lane Certification Seminar which was scheduled for **Sunday, April 22, 2007** at the Sport Alliance Building in Toronto was cancelled due to lack of registrations.

As per our policy, it is mandatory for any new agent to be certified through the seminar process. However, in extenuating circumstances, we have allowed individuals to complete the process by mail. The fee is \$25.00 and anyone interested in this procedure should contact the office for approval. As well, the expertise is also available to deliver this information in other areas of Ontario. While this process requires office coordination, we do recommend it so that we can better serve our geographic partners.

### **APPRENTICE LANE CERTIFICATION AGENTS**

Apprentice lane certification agents are required to do their certification with a qualified agent in 3 different bowling centres as well as complete an exam. The fee is \$25.00 and they must also attend the first certification course available.

In closing, we want to recognize the associations who have trained more than one agent to handle the certification process. This procedure has become even more crucial as our new certification standards has changed the deadline for certification to **SEPTEMBER 15th**.

Outlined below are the Lane Certification fees for the 2007-08 season. These fees are for new or converted bowling centres and centres not certified.

0-12 Lanes - \$100.00	Plus Mileage and Meals
16 Lanes - \$135.00	Plus Mileage and Meals
24 Lanes - \$200.00	Plus Mileage and Meals
36 Lanes - \$300.00	Plus Mileage and Meals
48 Lanes - \$400.00	Plus Mileage and Meals
