## Welcome Back!

A big hello to all Zones and DC's from your Ontario 5 Pin Board of Directors and office staff. Once again, another season is at hand and we hope everyone is ready, able and willing to step up to the plate for our sport. Most of all we hope everyone is looking forward to another season of fun on the lanes.

## Zone/DC Supplies

Please be advised that all supplies ordered from the office are in the process of being packaged. The office is planning on shipping the material to all Zones and DC's within the next two weeks. If you have any questions or concerns please contact the office. If you have not received your orders by the end of August, again, please contact the O5 office.

## TruCa\$h

This year, TruCa\$h will be adding a page to our monthly newsletter. The added reading material promises to be both interesting and informative. We hope you will enjoy the addition to the newsletter and also look forward to hearing your comments regarding the article.

## Bowling School

Once again the Youth Bowling School was a huge success. We would like to thank everyone who participated in this year's school from the staff to the students. The kids were great, the Instructors and Pros were awesome, and the food was of course excellent. Have a great relaxing month and we will see you all in September on the lanes.

## High-Low Doubles

One of our most popular tournaments is of course our High-Low Doubles. We realize all your Secretaries receive the Handbook but not all of them have time to read or promote our tournaments. Here's where you can give them a hand. Remind them:

- High average bowlers are paired up with low average bowlers, giving everyone an equal opportunity.
- The tournament is run during league play over 4 weeks so they know the person they are paired up with.
- Following the league round, "League Champions" will be declared and advance to the Zone/DC finals. Again they are with their partner and not going on alone.
- And the best part of all—teams that finish in 1st and 2nd place based on pins-over-average will each win a trip for 2 to a Sun Destination!
- In addition, the 1st place team will be declared our Provincial Champions and represent Ontario at the National Championships.

**Start promoting everyone!**

## Believe It or Not

- 1) Placing an order at McDonald's I asked for a half dozen nuggets. The teenager behind the counter informed me that they did not have half a dozen, but I could order six, nine or twelve.
- 2) Checking out of the local Wal-Mart I picked up a "divider" to separate my things from the woman behind me. The checkout girl picked it up, looked it over and asked me if I knew the price. I told her I changed my mind and was not going to purchase the item. She said ok, and had absolutely no clue as to what just happened.
- 3) A lady at work was seen putting a credit card into her floppy drive and pulling it out very quickly. Inquiring as to what she was doing, she said she was shopping on the internet and they kept asking for a credit card number, so she was using the ATM "thingy".
- 4) One day our typist turned to a secretary and said, "I'm almost out of typing paper, what should I do?" The secretary told her to just use the copier machine paper. With that, the typist took her last remaining blank piece of paper, put it on the photocopier and proceeded to make five "blank" copies.

## Where Ya From, Buckaroo?
