National Volunteer Week

National Volunteer Week, April 17 – 23, is an important time of celebration that pays special tribute to individuals who give of themselves to help their communities and the lives of others.

Every April, join with Canadians from coast-to-coast to celebrate the contributions of 6.5 million volunteers. Not only is it a great time to acknowledge the time and energy contributed by Canada's 6.5 MILLION volunteers, it's the perfect occasion to raise awareness of volunteerism in general.

Now, I personally would like to say ***THANK YOU*** to the many volunteers within the Sport of 5 Pin Bowling. The *Canadian 5 Pin Bowlers' Association* has and always will be supported by many fantastic individuals that take time from their everyday lives to come forward to help support this sport which we all enjoy.

Our volunteers, who are very special, have many different jobs within our sport which are vital and must be completed to keep the integrity of our game. It starts with our Provinces completing programs, running clinics, hosting national tournaments, fundraising, and numerous other items which take place day to day and year to year. It's the individuals who help sell fundraiser tickets at all our events, the person who gives up his day and fills in as Tournament Director, Judge of Play or Scorekeeper.

In closing, I wish I could say more to recognize these individuals involved in this great sport of ours, but I will say and express with my deepest sincerity

THANK YOU

Respectfully

Terry McLeod
President
