### **Welcome coaches to the 2006 – 2007 season**

Welcome back to another exciting season of 5-pin bowling. As most of you are aware the New NCCP program previously known as CBET is starting to take shape. The new structure is based on 3 streams in which coaching takes place in Canada. The first stream the Community Sport is a new program that is geared towards parents who are interested in learning the basic of 5-pin bowling who want to work with their children in their local YBC program. This program has been completed and we are in the process of developing a new coaching video that will be used in the training of Community Coaches. We will be training Learning Facilitators later this year and these people will start training coaches for the new Community Coach early in 2007.

The next two streams Introduction to Competition and Competition Development will replace the old Level 1 and Level 2 respectively. These programs will be made available in the near future. For the present we are encouraging anyone who wants to become a certified coach to contact your local 5-pin association or the Master Bowlers Association for courses in your area.

Level 1 and Level 2 Theory Courses have been replaced with Introduction to Competition Part A and Part B respectively. These courses are now available at your local college / university or check [www.sportalliance.ca](http://www.sportalliance.ca) for updated courses
