** One coupon from the Awards portion of the bowler's membership card must be submitted for each award won. The secretary must initial the ticket as verification of the score bowled and return it to the bowler who will then collect his/her award from a bowling centre representative or appropriate Award Chairperson for that centre.

Coupons are not required for 400, 450, 900 or 1000 pins, however these must be requested by the bowler.

All awards must be collected from the bowling centre in which the score was bowled and must be applied for or collected within one (1) week of the score being bowled, otherwise the award will be forfeited.

HOW AWARDS ARE WON BY LEAGUE BOWLERS

Award Pins are earned when a C5PBA member bowler achieves either of the following:

(a) Bowls a Single Game which is 100 pins over his/her CURRENT AVERAGE

eg. A bowler, whose current league average is 125, who bowls between 225 and 249 in a single game would receive a 225 pin. ($125 + 100$ pins over average = 225). He or she can earn a 250 pin by bowling between 250 and 274, and so on... (see awards available below).

(b) Bowls a three (3) game triple (must be the first 3 games if more games are bowled) which is 150 pins or more over his/her CURRENT AVERAGE multiplied by 3.

eg. A bowler with a current average of 200 would have a 3 game average of 600. If that bowler rolls a 750 triple, he/she has earned a 750 triple award ($600 + 150$ pins over average = 750). He/she would earn an 800 triple by bowling between 800 and 849 and so on ... (see awards available below).
