

ACTIVE2010 CHALLENGE TESTERS NEEDED!!!

We are in need of testers for Friday October 22nd and Saturday October 23rd. If you, or anyone you know are interested in helping out at this event, please let us know. This is a huge event, as we are planning to test 5000 kids over two days!

The time commitment would ideally be two days (approx 7a.m. to 6p.m.), or if that is not feasible, then either the whole day Friday or Saturday. As we are trying to test as fairly as possible, the more continuity and consistency in testers we have, the less variation in results. To ensure that you are familiar with your testing station, you will have a station supervisor that will review the testing protocol and make sure that you are clear on all the measurements of the test.

If you are interested, please email Brianne.law@mail.mcgill.ca with your availability.

Thanks
